EXECUTIVE ORDER

REGARDING SMOKING IN STATE BUILDINGS

- WHEREAS, it is the responsibility of the State of Colorado to promote a safe and healthy environment for all employees and for the public;
- WHEREAS, involuntary smoking, also known as passive smoking, has been associated with lung and cervical cancer in non-smoking adults;
- WHEREAS, involuntary smoking increases the risk of illness among persons who suffer from allergies, cardiovascular disease, and pulmonary disease;
- WHEREAS, environmental tobacco smoke results in increased workload on ventilator systems, increased fire insurance and increased maintenance costs;
- WHEREAS, simple separation of smokers and non-smokers within the same air space may reduce, but does not eliminate, exposure of non-smokers to environmental tobacco smoke;
- WHEREAS, the technology for the cost effective filtration of tobacco smoke from the air is currently not available;
- WHEREAS, studies indicate that the cost of health care for smokers is appreciably higher than the costs for non-smokers;
- WHEREAS, the elimination of worksite smoking has been related to increased employee productivity and morale, reduced absenteeism and legal risk;
- WHEREAS, I encourage the legislative and judicial branches of government to prohibit smoking in state buildings under the jurisdiction of those branches of government;

NOW, THEREFORE, I, Roy Romer, Governor of the State of Colorado under and pursuant to the authority vested in me under the Constitution and laws of Colorado, DO HEREBY ORDER THAT:
